April 5, 2012

Dear IEEE Symposium on Computational Intelligence in Bioinformatics and Computational Biology Attendee,

The City of San Diego and the community of Mission Beach have approved for the ITU World Triathlon to be held in San Diego over the dates of May 10-12. Because of this, the Mission Beach area will not be conducive to a successful business meeting for your group. http://sandiego.triathlon.org/

In an effort to ensure that your conference experience is not affected, we will be upgrading the location of your meeting from The Bahia Resort Hotel to our sister hotel, The Catamaran Resort Hotel & Spa. A member of our reservations department will be in touch soon to confirm that your reservation will now be at the Catamaran Resort, over the same dates reserved at The Bahia Hotel, at the same discounted rates.

We apologize for any inconvenience this may cause, however we know this is the best solution to ensure that your meeting objectives are achieved. We look forward to welcoming you to the Catamaran Resort next month.
